

## **Pregnancy Questionnaire and Waiver**

Receiving ketamine and/or other drugs during pregnancy may be harmful to a developing fetus. It is the policy of Revival Infusion Madison that women who are pregnant or breastfeeding, or who may be pregnant, should not undergo IV ketamine infusions.

If you are a woman who is pregnant or breastfeeding, or if there is a chance you might be pregnant, please inform Revival Infusion Madison staff immediately. You have the option of taking a pregnancy test in our office prior to your infusion.

Full Name: \_\_\_\_\_

Today's Date: \_\_\_\_\_

Are you currently pregnant or breastfeeding?	Yes	No
Is there a chance you may be pregnant?	Yes	No
Would you like to take a pregnancy test prior to your infusion today?	Yes	No

### **Please Note:**

Should you fail to inform Revival Infusion Madison about a potential pregnancy and/or decline to take a pregnancy test, by your signature below, you agree to waive, release, and discharge any and all liability, claims, demands, actions, or causes of action against Revival Infusion Madison or its employees, staff, providers, and agents from any loss, claim, damage, injury, illness, fees or harm as a result of the administration of an IV ketamine infusion during pregnancy.

By signing this form, I agree and understand that I have an ongoing responsibility to inform Revival Infusion Madison staff and providers if I ever become pregnant or suspect that I may be pregnant.
